

Change in net interest margin (pp), by year

All banks

Note: Gaussian kernel density of one-quarter changes, all quarters of each year pooled; each curve scaled to a common peak height. Orange: years overlapping an NBER recession (2001, 2008, 2009, 2020). *2026 covers Q1–Q2 only. Percentage-point change in each bank's single-quarter net interest margin (annualized) from the previous quarter.
